Claims 1-9, 21, and 22 involve an extremely large number of compounds. However, the compounds which are supported by the description in the meaning of Article 6 of the PCT and are disclosed in the meaning of Article 5 of the PCT are limited to an extremely small part of the compounds claimed.

Consequently, with respect to claims 1-9, 21, and 22, a search was made only for the 1H-[1,2,3]triazole derivative supported by the description.

A complete search was made with respect to claims 10-20.
